

MUS-MAX®

NEW!

THE IMPROVED
SUCCESS
MODEL!

Wood Terminator WT 11L

The popular WT 11 model has been fundamentally overhauled and technically adapted to its big brother, the WT 11XL – the result is the new MUS-MAX **Wood Terminator WT 11L** chipper model.

New – Included as standard:

- Enlarged rotor and larger screening surface
- MUS-MAX safety maintenance platform
- New feed tray with less cleaning effort and better feeding characteristics
- Turnable tool box made of powder-coated aluminium
- Large blower from the WT 12 model

Dimension infeed:

114 x 80 cm

Performance:

240 m³/h

Maximum tree trunk diameter:

80 cm
